Copy of letter No. 1551, dated 10th May 1947, from the Secretary to the Bombay Legislative Assembly, Bombay, addressed to the chief Engineer and Secretary to Government, Public Works Department, Bombay.

"It is understood that, at the suggestion of the Hon'ble the President of the Bombay Legislative Council for the construction of a second garge, plans and estimates for providing a second garage in the bungalow "West Lodge" at Narayan Dabholkar Road, at present occupied by him, have been prepared by the P.W.D. The reason for suggesting the provision of a second garage is that the Hon'ble the President is being provided with a bigger car which cannot be accommodated in the existing temporary garage put up last September. The existing temporary garage cannot accommodate a big car. It can obly accommodate the present small car and even for that it was found bad enough as all water in the last storm poured over it. As it will take some time before the administrative approval is accorded for the work and as the monsoon is approaching, I am directed to request you to issue instructions at once to the authorities concerned to take the work in hand in anticipation of administrative approval and to complete the work as early as possible and, in any case, before the 10th June next as otherwise the cars will suffer great damage."
